8.5 Reason for Decision

The development application is approved and the reasons for the decision are based on findings on material questions of fact:

- c) The proposal will not adversely impact on the visual amenity of the area
- d) The proposal will support the primary function of the site
- e) The proposal will utilise the existing access point and services
- f) Development does not conflict with the State Planning Policy 2017 and Central West Regional Plan 2009.
