8. STATEMENT OF REASONS

8.1 Description of Development

The development application is for a Development Permit for Material Change of Use for Short-term accommodation (up to 13 guests) approved as per Decision Notice DA 26-2022-2023.

8.2 Assessment Benchmarks

The following are the benchmarks that are applicable to this development:

Benchmark applying for the development	Benchmark reference
<ul style="list-style-type: none"> Strategic Framework Township Zone Code General Development Code 	<i>Blackall-Tambo Region Planning Scheme 2020</i>

8.3 Relevant Matters

Nil.

8.4 Matters Raised in Submission

Matter raised in submission	Response to matter raised
The site is already being used for short-term accommodation.	When Council was made aware that the site was being used for Short-term accommodation it advised the landowner that a development application was required to be lodged. The landowner has lodged a development application which has been assessed by Council.
Concerns with issues caused by pets of people staying at short-term accommodation.	Council has imposed a condition that does not permit pets to stay at the Short-term accommodation.
The submitter advised that if approved conditions should be included to not allow dogs and include a 2m high privacy fence.	Council has imposed a condition that does not permit pets to stay at the Short-term accommodation. A condition has also been imposed that requires the construction of a 2m high privacy fence for the full length of the western boundary.
Impacts on short term rental accommodation in Tambo and shortage in long term rentals.	Council has assessed this application based on the assessment benchmarks

	<p>contained within the Blackall-Tambo Region Planning Scheme 2020.</p> <p>Applications are assessed on merit and on a site by site basis. It is considered that the proposal will provide a different short term accommodation option for the town of Tambo.</p>
Asbestos issues in defunct powerhouse.	<p>Although the application includes the lot that contains the Tambo Powerhouse building, no works are proposed to that building. The applicant has applied over that site to provide access to the Short-term accommodation and access to the parking area for the Short-term accommodation.</p>
Amenity impacts.	<p>A condition has been included for a Site Management Plan to be developed for the site. The Site Management Plan requires measures to be included to manage operational aspects of the development including, but not limited to, hours of operation, noise management, site care and maintenance, complaints management and refuse management.</p>

8.5 Reason for Decision

The development application is approved and the reasons for the decision are based on findings on material questions of fact:

- a) The Purpose of the Township zone allows for and short-term accommodation, if appropriate for the area. The proposal is considered appropriate for the area due to the fact it results in the reuse of an existing dwelling house therefore being consistent with the bulk and scale of surrounding development.
- b) Conditions have been imposed to ensure any impacts associated with the Short-term accommodation are appropriately managed.
- c) The development is connected to reticulated water and sewer as well as telecommunications and electricity services.
- d) Development does not conflict with the State Planning Policy 2017 and Central West Regional Plan 2009.
